## Introduction to Unifrog:

# What is Unifrog?

- Unifrog is a platform where students can explore their interests, then find and successfully apply for their best next-step after school.
- During their time at Littleover Community School, students are introduced in a timely and progressive manner to the variety of resources on the platform.
- As a parent/carer/guardian you will want to know how careers education is rolled out to students in year group as your child progresses through school. You can find this out by viewing the ‘student entitlements’ here <http://www.littleover.derby.sch.uk/resources/careers/>
- Our school hope that you will want to be involved in your child’s careers development and having access to the Unifrog platform is part of the resources we can offer to enable you to do this.

### Unofficial overview

"Oxford Brookes is spread across three suburban campuses in Oxford and the small university city has a friendly feel. Oxford Brookes pioneered the modular system of study and the academic year is split into two semesters rather than three terms. The university has a strong reputation for sport, and there are also strong links with industry. Despite the fact that the city is tiny, nightlife is lively and students enjoy studying here."
